NEPSAC

CONSTITUTION AND BY-LAWS

ARTICLE I - Name

The name of this organization shall be New England Preparatory School Athletic Council (NEPSAC).

ARTICLE II - Purpose

NEPSAC's primary purpose is to encourage all member schools to conduct the affairs of games, leagues and tournaments according to high standards of sportsmanship and cooperative good will. Because athletics are an integral part of the educational programs of member schools, affording young people innumerable opportunities for personal growth and development, NEPSAC shall be concerned with seeing that enjoyable and healthy interscholastic programs for students are provided. In every way at its disposal, NEPSAC will provide leadership and legislative action for its member schools to insure that the intentions of this organization are met. **The NEPSAC Executive Board will, in every way at its disposal, provide leadership, direction and legislative action for its member schools and related coaches' associations pursuant to the administration of interscholastic athletics.** A further purpose of NEPSAC is to provide a forum for the interchange of ideas and to help with the problems of its member schools. NEPSAC will advise and guide, particularly when asked in a situation where an impasse exists.

ARTICLE III - Officers and Executive Board

Section I - Officers

The Officers shall be President, First Vice-President, Vice-President in charge of Publication, Secretary, Tournament Advisor and Treasurer.

Section II - Duties of the President

The President shall be the chief executive officer of NEPSAC and shall be responsible for the Annual Meeting and Executive Board sessions.

The President shall have the power to appoint special committees for the purpose of meeting the objectives of NEPSAC, and shall be responsible for keeping accurate records.

Upon completion of term of office, the President shall serve on the Executive Board for two years.

Section III - Duties of the First Vice President

The First Vice-President shall assist and represent the President whenever necessary, and shall be responsible for the Martin W. Souders and Distinguished Service Awards presented at the November Annual Meeting and shall be responsible for coordinating the Annual Meeting.

Section IV - Duties of the Vice-President in charge of Publication

This Vice-President shall be responsible for publishing the NEPSAC Directory and for overseeing the web site.

Section V - Duties of the Secretary

The Secretary, in close cooperation with the President, shall be the chief correspondence officer responsible for records and proceedings of the Council. Other responsibilities include notices, reports and other items necessary for proper operation of NEPSAC.

Section VI - Duties of the Tournament Advisor

The Tournament Advisor shall serve as a liaison between the Executive Board and the various tournament committees in each sport and shall assist in the administration of all NEPSAC sponsored tournaments.

Section VII - Duties of the Middle School Representative

The Middle School Representatives shall be responsible for all correspondence with NEPSAC middle schools and for presiding over the middle school annual meeting in the spring.

Section VIII - Duties of the Treasurer

The Treasurer shall be responsible for keeping accurate records as the chief financial officer, including collection of dues from the district presidents and the payment of bills submitted to the President for approval.

Section IX - Executive Board

The Executive Board shall consist of the officers of NEPSAC, past Presidents and two representatives from each District (the District President and appointee) and two middle school representatives. Each member of the Executive Board shall have one vote on motions brought before it. The NEPSAC President acts as the chairperson for this committee. Past Presidents wishing to serve on the executive board need to identify themselves by January 1st of each year.

A quorum shall consist of at least nine members of the Executive Board and any action taken shall be based on two-thirds majority vote.

Section X - Election of Officers

The President, First Vice-President and the Secretary shall serve a two year, non-renewable term.

The First Vice-President shall succeed to the office of President in January or earlier in the event that the current President is unable to complete his term.

The Secretary shall succeed the First Vice President.

The Vice-President in charge of Publication, the Treasurer, the Tournament Advisor and the Middle School Representative may serve consecutive appointments upon approval of the President annually.

At the Annual Meeting the President, First Vice-President and Secretary selected by the Executive Board will be voted upon by the membership.

ARTICLE IV - Membership

Section I - Eligibility

NEPSAC shall consist of New England Independent School Athletic Administrators whose schools are fully accredited by the New England Association of Schools and Colleges (NEASC) or its equivalent as determined by the Executive Board. Each school, located primarily in New England, must be a member of only one of the four New England Districts and meet its dues obligation to NEPSAC.

Section II - Dues

Annual dues are payable by October 15. The District Presidents are responsible for the collection of dues from their Districts and for forwarding the District checks to the NEPSAC Treasurer by November 1st.

Section III - Active Voting Members

Member schools must have their Athletic Director or designee attend the NEPSAC Annual Meeting at least once every other year. Failure to comply with this requirement will result in the Head of School receiving a letter from the NEPSAC Board indicating that his/her school's membership is in jeopardy.

Active members whose dues are paid in full and are present at the Annual Meeting are permitted one vote per school.

Each school is encouraged to be an active working member within its District. The interest and efforts of everyone are vital to the continuation of an educational and healthy physical experience for our students.

Section IV - Association Year

The NEPSAC year shall begin January 1st and end December 31st.

ARTICLE V - Meetings

Section I - Annual Meeting

The Parent Organization of NEPSAC shall meet annually in November. A business meeting will be held as part of this session, including new proposals and the election of officers. Action will be recommended to the Executive Board based upon the simple majority vote of the eligible members present.

Section II - District Meetings

Each District is required to meet one time annually. However, the Executive Board of NEPSAC recommends at least three District Meetings a year.

Section III - Committee Meetings

The Executive Board and other committees may meet as often as deemed necessary to administer their business. Generally, the Executive Board shall meet in September, October, November, January, and May. The President shall call all such meetings.

ARTICLE VI - Legislative Procedures

Ordinarily, proposals shall be submitted to the NEPSAC President thirty days prior to a regularly scheduled Executive Board meeting by members of the Executive Board, Ad Hoc Committee chairpersons, District Presidents or the President of a coaches association. Other individuals should submit proposals through the District Presidents.

The simple majority vote of present eligible NEPSAC members on each new proposal shall determine the appropriate course of action.

ARTICLE VII - Constitutional Revision

Section I - *Constitutional Purpose*

The Constitution of NEPSAC has been developed to best serve the purpose of this organization as outlined in Article II.

Section II - *Amendments*

Amendments to the Constitution shall be by referendum vote of the members.

Section III - *Adoption of Amendments*

Adoption of Amendments shall be by two-thirds majority of voting members at the November Annual Meeting.

Section IV - *Referendum*

All amendments may be proposed by the Executive Board or by petition of ten active members to the Executive Board.

Section V - *Emergency*

In the event of an emergency, the President may call a special meeting or may poll the membership by mail, e-mail or telephone. The Executive Board shall have the power to fill vacancies on the Board or take necessary action in the interests of NEPSAC and in accordance with its Constitution and By-Laws.

NEPSAC

CODE OF ETHICS AND CONDUCT

As a basic principle, we believe that the lessons learned from fairly played athletics, whether interscholastic or not, and including games and practices, are of benefit to our students and our schools. The purpose of this Code of Ethics and Conduct is to define what “fairly played” means and to provide guidelines for NEPSAC athletes, coaches, officials and spectators alike to follow.

Proper Conduct and Good Sportsmanship:

At the heart of this matter lie several terms which are often hard to define - yet no more important task confronts teachers and coaches than to set standards which are fair and honorable. Throughout this Code, when such terms as “proper conduct” and “good sportsmanship” are mentioned, they refer to such standards as these:

1. Treat other persons as you know they should be treated, and as you wish them to fairly treat you.
2. Regard the rules of your game as agreements, the spirit or letter of which you should not evade or break.
3. Treat officials and opponents with respect.
4. Accept absolutely and without quarrel the final decision of any official.
5. Honor visiting teams and spectators as your own guests and treat them as such.
Likewise, yourself behave as an honored guest when you visit another school.
6. Be gracious in victory and defeat; learn especially to take defeat well.
7. Be as cooperative as you are competitive.
8. Remember that your actions on and off the field reflect on you and your school.

Purpose of Athletics In Our Schools:

Athletics exist primarily as an essential part of the student’s full education. As an educational process, they serve these purposes:

1. To teach and instruct students in the rules, fundamentals and skills of various individual and team sports; to provide physical training and physical outlet for adolescent energy.
2. To provide healthy competition and cooperation within and between schools, thus inculcating in each student the best principles of good sportsmanship.
3. To develop the other aspects of good sportsmanship that will best serve each student’s education.
4. To maintain the spirit of true amateur competition.

Middle School Spirit of Competition:

Along with the rules for middle school play, coaches should play with a good spirit of competition. The NEPSAC Code of Ethics provides the framework on which all game behavior should be based. Beyond that, middle school coaches should intentionally make the game a positive experience for everyone involved - players on both teams, coaches, officials and spectators. This means taking a leadership role with your team and setting standards of behavior. Running up the score, keeping a press on in a basketball game when the outcome is clearly evident, putting your starters in as a group when the score is already lopsided, and continuing a run and gun style of play rather than emphasizing passing and a set offense, all represent examples of coaching strategy which do not meet the intended spirit of middle school competition.

Guidelines For Coaches:

1. Coaches shall remember that school athletics are primarily part of each student's education, not a goal in themselves. Coaches shall use athletics to help each student achieve the standards listed above.
2. Coaches shall assist each student toward developing his or her fullest potential in athletics.
3. Coaches shall remember that the behavior of a team can reflect the coach's own manner, attitudes, temper and approach to athletics, and shall conduct themselves in a way which brings credit to themselves, their team, their school and their sport.
4. Coaches shall be responsible not only for coaching their teams, but also for running games, dealing fairly and properly with officials, meeting before and after games and visiting coaches and players, and maintaining an objectivity and sense of balance commensurate with good sportsmanship. Coaches shall in particular preserve the tradition of shaking hands after games and matches.

Guidelines For Players:

1. Players shall at all times represent themselves and their school with honor, proper conduct, and good sportsmanship. They shall understand that competitive rivalries are encouraged, but that disrespect for opponents is unsportsmanlike and lessens the value of the rivalries. They shall confine the competitiveness of the game to the field, and in particular behave properly on the sidelines and in the locker rooms both before and after games.
2. They shall comply fully with the rulings of the officials. In no way, either by voice, action or gesture, shall they demonstrate their dissatisfactions with the decisions made.
3. Players will not deface property or remove equipment of any kind from their own or another school.

Guidelines For Paid Officials:

1. Officials shall arrive at school well in advance of game time, making themselves available to coaches and other officials, and shall be prepared to start the game on time.
2. They shall, in dress, conduct, and knowledge of the game rules, advance the objectives of this Code of Ethics and Conduct.
3. They shall bring understanding and patience to situations that involve young players who err through lack of skill, experience, and maturity.
4. Officials shall deliver in energy and speed their fullest capacities. The association requires, regardless of the level of the game or the size of the fee, that officials always give their best.

Guidelines For Spectators:

1. Spectators - whether students, faculty, parents, alumni or friends - bear important responsibilities to the school for the atmosphere and conduct of games, whether home or away.
2. Spectators should watch games from those areas defined by each school as spectator areas. They must *not* run up and down sidelines, call to players, coaches or officials in an unsportsmanlike manner, go onto the field of play, or deface property. Any action that detracts from the ability of coaches, players and officials to do their best is not acceptable.
3. Faculty members should remember that their responsibilities for student discipline and behavior extend to disciplining and controlling students who misbehave as spectators.
4. The use of alcohol and illegal drugs should not be associated with any athletic event.

These standards are ones that NEPSAC expects all athletes, coaches, officials and spectators to meet.

Expulsion Rule

Players or coaches who are ejected from interscholastic games for “unsportsmanlike conduct” or other flagrant behavior will forfeit their eligibility to play or coach in the next regularly scheduled interscholastic game or tournament game played in that sport. We encourage a conversation between athletic director, coach and disqualified offender.

NEPSAC POLICIES

Member schools must have their Athletics director or designee attend the NEPSAC Annual Meeting at least once every other year. Failure to comply with this requirement will result in the Head of School receiving a letter from the NEPSAC Board indicating that his/her school's membership is in jeopardy.

The New England Preparatory School Athletic Council (NEPSAC) supports and will sponsor interscholastic end-of-season competitions called "NEPSAC CHAMPIONSHIPS." The purpose of these tournaments is to allow as many teams as possible to experience post-season competition, and to promote the values of sportsmanship stated in the NEPSAC Code of Ethics and Conduct.

Types of Tournaments

NEPSAC shall sponsor two types of championship tournaments, open and invitational. Open tournaments may be entered by any NEPSAC school providing they have paid all dues to NEPSAC and to appropriate coaches' associations. Invitational tournaments consist of the top teams in each class as selected by the tournament selection committee. Examples of open tournaments are cross country, squash and track. Examples of invitational tournaments are soccer, basketball and hockey.

Tournament Advisor

The NEPSAC Tournament Advisor appointed by the NEPSAC President shall serve on the Executive Board for five-year renewable terms. The Tournament Advisor shall oversee the administration of all NEPSAC championship tournaments and shall communicate with the tournament committee for each sport. The job of the Tournament Advisor is to make sure that NEPSAC tournaments are run according to the procedures stated in this document. The Tournament Advisor, along with the NEPSAC President and the tournament director, shall act as a committee to resolve any controversies regarding tournaments. For details on specific tournaments, contact the advisor and directors.

Tournament Committees

For the purpose of tournaments, Districts I and II will be considered "region I-II." Districts III and IV will be considered regions III and IV, respectively. In order to encourage participation by teams from all districts, each tournament committee should include a representative of each class as well as one from each region. Representatives whose teams are in contention for a tournament berth should disqualify themselves from voting during the selection process.

NEPSAC continues to encourage NEPSAC-wide coaches' associations that can organize tournament committees and tournament directors. When no such association exists, the NEPSAC Tournament Advisor shall determine a committee and director. The tournament committee shall operate the tournament under the supervision of the Tournament Advisor.

Classification

The coaches' association tournament committee, in communication with the Tournament Advisor, shall classify schools for the purpose of tournament selection and participation and so-notify them immediately. Fall teams will be classified by October 1, winter sports by December 15, and spring sports by April 15. If a school and the coaches association disagree regarding classification, the school must forward its appeal promptly to the Executive Board for a binding decision at its next meeting.

In November 2002, NEPSAC Athletic Directors determined that a school electing to re-classify itself in a sport must make a three-year commitment to the new classification. In addition to enrollment and geography, amongst the factors that determine a school's classification are the strength of their schedule, league affiliation and they success they have playing that schedule; the number of players who have repeated a year (including post-graduates); their record against other NEPSAC schools (overall and in their league and/or class); the history of their program in recent years; and various other measurements (e.g. Saylor System).

Tournament Application/ Registration

Four weeks prior to the start of the tournament, the tournament committee shall communicate with all athletics directors and coaches of member schools regarding tournament application procedures. This mailing shall include a NEPSAC tournament application to be signed by the AD, coach and Head of School (or designated administrator). This application will ask for all information needed from schools.

The tournament committee shall detail the selection formula (for invitationals) for the members, and emphasize the exact deadline for applications to be returned. This date will be 2 weeks prior to the tournament. Again, the committee shall specify the exact date that will be the deadline. There will be no exceptions if the deadline is missed. Selections for invitational tournaments will be announced immediately after the season is concluded.

The tournament committee shall select teams for invitational tournaments, and contact the AD and coach at schools selected to play in invitational tournaments. For open tournaments the committee shall contact the athletic director and coach at all eligible (NEPSAC members in good standing) schools.

To be considered for a NEPSAC invitational tournament, a team must have at least a .500 record either in its class or overall. In selecting schools for invitational tournaments, tournament committees will consider such factors as won-lost records, quality of opponents/strength of schedule, and representation from all districts. Since a majority of schools are in districts III and IV, districts I and II will be considered one "region," and it will be the goal of the committee, whenever possible and appropriate, to enter at least one school in the tournament from this region.

In Operating the Tournament, the Tournament Committee Shall

- make sure that all schools are classified by the classification dates listed above
- communicate directly with AD's and coaches at participating schools with all necessary information 4 weeks prior to the tournament
- publish necessary additions to rules listed in Directory, e.g., how to settle ties
- arrange directly with AD's, not coaches, at schools for a surplus of potential neutral sites around New England well in advance of the tournament to minimize travel times for all eventual participants
- coordinate the use of neutral sites with other tournaments of the same sport, e.g., a neutral site for girls is not used but given to the boys' tournament
- arrange central championship site for open and invitational championships (in almost all cases this will be a NEPSAC campus, and tournament committees should communicate directly with athletic directors)
- collect tournament entry fees and pay for expenses
- procure all game officials and pay them as necessary
- arrange for all facilities and parking
- arrange for medical coverage at all events; coordinate with schools.
- procure and engrave the championship trophies that will be kept by the school
- promote the tournament throughout the New England media, e.g., sites, dates, pairings, results before, during and after event
- designate what colors shall be worn by teams at neutral sites
- arrange all other logistics and details: make every effort to minimize the cost to schools
- file a financial statement of tournament receipts and expenses with the Tournament Advisor within 30 days of the tournament.

Eligibility

A school must notify the NEPSAC tournament committee for withdrawal from tournament consideration prior to seedings in order to remain in good standing for future tournaments. If the school notifies the committee after the seedings have been decided, they will not be allowed to participate in the following years' tournament in that particular sport.

An appeal to this process should be directed to the NEPSAC president. Should a second offense occur within five (5) years the school involved will have an institutional banning from any NEPSAC tournament for three (3) successive seasons. For example, if the infraction occurs in the fall, that school may not participate in the winter and spring of that school year nor in the fall of the following school year.

All NEPSAC members are eligible for post-season play provided they have paid their dues to the appropriate coaches' association and to the appropriate NEPSAC district by October 15th and met the attendance requirements of the association. One team, per sport, per school, per season may participate in a NEPSAC tournament. If a school has two varsity-level teams in a sport, only the team in the higher classification is eligible for tournament play.

Individual athletes who are 19 years old, or younger, on September 1st of each school year are eligible to participate in all NEPSAC **competition**.

Each participant in any NEPSAC interscholastic contest must be a member of his/her NEPSAC-recognized school team in that sport.

A player may only participate in the tournament of the sport she/he has played and represented the school in that season. A player may only participate in one sport during one season for one school. A player must be on a tournament-bound team by the classification deadline (fall October 1, winter January 15, spring April 15) in order to participate in a NEPSAC tournament. For example, a soccer player may not join the roster of a football team at the very end of the season to participate in a tournament.

Unattached athletes may not participate in any NEPSAC-recognized event.

The NEPSAC expulsion rule shall carry over from and through post-season play so that a player ejected from one game shall not be eligible for the next.

In the Fall, 18-21 practices are considered to be appropriate for football before the first scheduled game. Adequate time, accordingly, should be given to all other Fall sports before the first scheduled game.

Winter sport practices in NEPSAC schools will not be conducted before the second Saturday in November in Districts II, III, and IV, and not before the first Saturday in November in District I. Teams that start practice prior to these dates will not be eligible for NEPSAC championships.

NEPSAC prohibits institutional support for out of season practices during the school year. Institutional support includes some combination of facility use, transportation, coaching, equipment, uniforms, release time or credit.

NEPSAC defines a practice as having all three of the following present: coaching, athletes and sport specific equipment.

Effective September 1, 2007, student athletes at NEPSAC member schools who have been paid to play a sport will be ineligible for NEPSAC competition in that sport. A member school found in violation of this policy will forfeit all NEPSAC competition in which the student athlete participated.

Recruiting

Secondary school coaches should refrain, for the purpose of recruiting, from contacting directly a student-athlete at a NEPSAC pre-preparatory school prior to that student's final year.

NEPSAC Definition of a Team:

A School's team must be sponsored by, and under the control of, the leadership of the school. A school team must have a coach appointed by and responsible to the Head of School or the Head of School's designated representative. A team must have a regular practice schedule through the season defined for that sport and should have school uniforms. A school's team should have an appropriate number of published scheduled contests with other NEPSAC schools. A school should provide transportation to and from its contests. Teams which represent the school and compete with other school teams must comply with all NEPSAC guidelines. The school should list all of its teams in their publications and on their web site.

Dates

The Fall tournaments shall be concluded by the weekend of the third Saturday in November. Winter tournaments shall be concluded by the weekend of the first Saturday in March. Spring championships conclude before Memorial Day. The first round of invitational tournaments shall be on the Wednesday prior to the final weekend. Semi-final and final rounds shall be played on the weekend.

Times of Invitational Tournaments

Due to the need to reduce the number of classes missed and to minimize travel time, it is suggested that schools not be required to play before 2:00 PM in the first rounds of fall invitational tournaments (3:00 PM in winter) as these are class days at most schools. Any exceptions should first be cleared by the tournament committee with the NEPSAC Tournament Advisor.

Times for Open Championships/Meets

The Fall cross country championship shall begin at 1:30 PM.

The tournament committee shall set the start time for all-day championship events such as those for water polo, skiing and track.

Rules

NEPSAC Championship tournaments shall be conducted in accordance with the set of rules for each sport sanctioned by NEPSAC and published in the Directory. The tournament committee shall publish necessary additions to these rules, such as how ties are to be settled, in the information sent with the tournament application.

Seeding/Site Selection/Invitational Tournaments

It is important that the tournament committee work to minimize expenses, travel time and the number of classes missed for post-season play.

The field of teams shall be seeded by the tournament committee. The first round of games of invitational tournaments shall be played at the higher seeded school unless the two schools are more than **2 1/4 hours** away from each other, in which case they shall play at a neutral site selected by the tournament committee. The committee shall have arranged a pool of neutral sites in advance of the tournament so that the higher seed does not travel farther than the lower seed to a first round game. Semifinal and final games may be played at the home site of participating schools, or a central championship site, as determined by the tournament committee.

The tournament committee shall use NEPSAC sites for central championships unless their tournament has outgrown NEPSAC facilities. When tournaments are conducted at sites other than NEPSAC facilities, it is hoped that it will not be necessary to assess the tournament teams for any rental costs. Should that not be the case, all teams in the tournament will share the expense.

NEPSAC Position on Scheduled Games and Forfeits.

NEPSAC supports the position that member schools should make every reasonable effort to play scheduled games. This includes making a concerted effort to reschedule postponed games knowing that a multitude of variables (distance, academic obligations, etc) must be considered by athletic directors when rescheduling contests. If the two competing athletic directors agree that a scheduled contest cannot be played for a mutually agreed upon reason, then the game stands as a non-contest. If the competing athletic directors agree that the game should be counted as a forfeit, then the game stands as a forfeit. The circumstances that would deem a contest a forfeit should be considered unusual and would certainly include one school's inability to play the contest due to exceptional reasons (shortage of players due to injury, disciplinary situation, etc.) If there is a disagreement, then the final determination will be made by a committee that includes the Coaches Association president, the NEPSAC President, and the NEPSAC Tournament Advisor.

Fees

Tournament expenses shall be shared evenly by those participating in the tournament. The fee will be collected by the tournament committee as part of the application for open tournaments, and after teams have been selected for invitational tournaments, each team will pay the same flat fee.

The tournament committee may arrange to pay a fee slightly higher than the regular season to tournament officials for championship events.

When a higher seeded team hosts another team in an invitational tournament or when another NEPSAC institution offers to host tournament games between other schools at a neutral site, it is expected that the host school is "donating" the use of its facilities free of charge. Every attempt should be made to locate as many neutral sites as possible throughout the region so as not to overload any one school. However, should a school agree to host the same event over a many years span, it would seem proper that a reasonable compensation fee be offered. The tournament committee is obviously responsible for procuring and paying the game officials and arranging for medical coverage at all such events, which may require a modest stipend if no trainer from the two participating schools is available.

Officers of coaching associations and tournament chairpersons volunteer their services and do not receive remuneration. It is suggested that these duties be rotated within these organizations so as not to place an excessive burden on a limited few people.

When an institution serves as the site of a multi-school open championship (examples: track, swimming, wrestling), every attempt is made by the appropriate coaching organization to compensate the host school for some of its extraordinary expenses. This might include such items as policing, overtime for janitorial staff, and secretarial work to name a few. One coaching association exempts a host school from dues to its organization. In one sport that attracts large numbers of spectators, an admission fee for spectators covers the cost of renting the commercial facility. In almost all other cases, NEPSAC campuses serve as the central site for such events.

Because athletic directors are responsible to their school administrations for maintaining their budgets, coaching organizations are not empowered to arbitrarily spend a school's athletic dollars by offering remuneration to miscellaneous institutions or individuals. District athletic directors should approve increases in costs for running any district level competitions, while the Executive Board of NEPSAC must endorse all major cost increases that apply throughout the six state region.

Excess funds remaining after paying all expenses shall be retained by the coaching association.

The tournament director shall be responsible for filing a financial statement with the Tournament Advisor within 30 days of the conclusion of the tournament.

If a coaches' association or tournament committee shows an unusual surplus, the Tournament Advisor and/or the NEPSAC President may inquire why it exists and suggest that it be used in certain ways next year.

Awards

The winning school will be presented with a championship trophy to be kept by that school. This trophy shall be engraved with the words "NEW ENGLAND CHAMPION," the name and class of the sport and the year. Where permanent, rotating trophies already exist, the tournament committee shall see that these are engraved and awarded to the current champion as well. A runner-up trophy for the second place team, and a tournament MVP award are also appropriate.

For some open tournaments, additional awards are appropriate. There shall be a trophy for the individual champion in each separate event, and medals, certificates, or hats for individuals placing from 2nd to as high as 10th.

Media

The tournament committee shall be responsible for communicating the tournament draws/seedings, sites, and times to major media outlets in New England. Semi-final and final results of tournaments shall also be announced immediately to papers such as the Boston Globe, Boston Herald, Portland Press Herald, Hartford Courant, Providence Journal, and Manchester Union Leader.

School radio and cable stations shall be allowed to cover NEPSAC tournaments. Commercial radio, television and local cable stations will not be allowed to broadcast NEPSAC tournaments, but are welcome to tape events for use as highlights in their regular evening shows.

"FIELDturf is a fantastic surface and a coach's dream to have. The field increased and enhanced our playing ability ... As a matter of fact, four different rival schools chose to forgo their home games against us and opted to play at our field because of the FIELDturf surface. Talk about a home field advantage!
Pat Geores, Head Varsity

"That grass was incredible--the best field I ever played on," said Denver receiver Rod Smith. "That turf (FIELDturf) should be in every stadium - indoor or outdoor."

Athletic Directors

Question:

What do more than fifteen Prep Schools throughout New England have in common?

Answer:

They all get FREE titled team pictures from N.E.A.T Photos!

You can get this too. It's a good deal for your students and a great deal for you.

Students buy the EX10 titled team pictures for \$9.00 and you get coaches pictures, yearbook pictures, and athletic department pictures for FREE
