

2008-09 Girls Basketball Coach

Michael Brooks

Girls Basketball Head Coach Michael Brooks is entering his first season with the Lady Warriors. The former Warren graduate was chosen to lead the Lady Warriors last spring after rebuilding the Lady Continentals basketball program at George Washington High School. Coach Brooks motivated a 1-18 program into a respected 10-10 program in a two-year span. The people in Warrior nation are looking forward to the Lady Warriors making similar strides under the guidance of Coach Brooks. Along with his coach's duties, Brooks will also showcase his tireless work ethic in the classroom. Brooks joined the Physical Education department where he teaches both P.E. and Health.

As a Warren Central High School student, Brooks was a three-sport athlete. Michael managed to capture All- State honors in football and track as well as earning the distinction of athlete of the year in his senior campaign. He also competed on two state champion teams while at Warren as well. Brooks played basketball under the helm of Coach Heady, former Boys Basketball Head Coach of 13 years.
