

DigitalSports is pleased to welcome all of the coaches of the Missouri High School Baseball Coaches Association. With this new partnership, Coaches will have their own website dedicated to their Team. They will be able to build and post their schedules and rosters. They can also post their teams' scores as well as individual player stats. Our website also includes the ability to display photos and team videos if they choose. We have added a feature called SwingMan that allows Coaches to identify what media outlets they want to send their game scores to and with a single click they can send out that information .

To get started, they must **first** contact our offices at our toll free number 866-695-3248 to get a username and password.

To login into [www.DigitalSports.com](http://www.DigitalSports.com) go to Administrative Login and type your username and password...

From there they can click on New Tutorials from the Home page to get an overview on how to use our system. Customer Support is free and there is never a charge for system upgrades.

The screenshot shows a web browser window displaying the LeagueMinder website. The browser's address bar shows the URL: [http://leagueminder.digitalsports.com/m/Start/Start.asp?sign\\_in=Y](http://leagueminder.digitalsports.com/m/Start/Start.asp?sign_in=Y). The website header includes the "DIGITAL sports™" logo and the text "Coach Smith TEST SCHOOL 1 Expires: 1/29/2010". Below the header, there are navigation links: "Home", "Sign out", and "Need Help?". A calendar for December 2008 is visible, with the 1st highlighted. To the right of the calendar is a "Sports Schedules" section with a list of sports: Academic Team, Archery, Badminton, Band, Baseball, and Basketball. Below this is a "Menu" section with links: Help/Training, Schedule Activities, Print Reports, Students Menu, School Chalkboard, School News/Photos, School Home Page, Administration, and Messages (23 New). The main content area is titled "Current LeagueMinder News (Last Update: November 14th, 2008)". It contains several news items: "New Dufflebag 2.0 (New!)", "System Enhancements", "Home Pages for your School & Teams!!!", "Introducing SwingMan! (New!)", "Scores & Stats", "New Tutorials", and "Instructions for Student Registration". A red arrow points to the "New Tutorials" link. Below the news items is a grey box with the text: "This News Page has been restructured. Please click on any news item above to view it's corresponding information."
