PURPOSE of the CAMP

Gaylord Team camp will improve your team's communication skills on & off the court, game strategy, and most importantly team unity.

John Wooden, the legendary UCLA basketball coach, often said that "there are three things vital to success in athletics: conditioning, fundamentals, and working together as a team." Of these three elements, "**working together as a team**" often proves to be the most elusive goal.

Camp Director – Kelli Parker will be entering her 4th season as the GHS Girl's Varsity Coach. This is her 3rd year as camp director of the Gaylord Team Camps. Parker graduated from Gaylord H.S. in 1991. Prior to GHS, she coached at Northwood University for four years & Grand Rapids Community College for two years. In addition to her college coaching experience, Parker was a college standout at Oakland University.
