We have 8,700 plus members this year and continue to grow each year.

- III. VHSCA ALL-STAR GAMES PROGRAM ADS: Don't forget these are due before June 15!!! These are great souvenirs for coaches, parents, and most of all, the athletes for years to come. Also this is our primary source of sponsorship for the games! Each player must have a minimum of a half page ad.
- IV. The ads in this publication are from the people supporting our Association and All-Star games through their sponsorship. Please show your support of them by using these suppliers and vendors.

Yours in sports,

Michael L. Smith

Fellow Coaches,

Welcome to another exciting year in Virginia High School athletics. Congratulations to all of the fall and winter state champions. We had some incredible games and events.

As we close out another athletic year lets all keep sportsmanship as our primary teaching goal in our practices and games. Teach the players toughness, skills, team work and togetherness. Always teach respect of the game and our opponents.

The VHSCA Clinic and All-Star games will again be held in Hampton, July 9 thru 13. Information about registration and hotel reservations are in this publication. Let's make this the most successful clinic and games ever. See you in Hampton!

AIR POWER PARK

Learn about Hampton's space and aviation history by touring the outdoor air and spacecraft displays, model airplane collection and wind tunnel exhibit at Air Power Park. Home to one of the largest civilian-owned collections of aircraft and missiles in the United States, Air Power Park contains aircraft from the country's various service branches, including a Nike surface-to-air missile, a P-1127 Kestrel vertical-lift jet and an F-100D Super Sabre, the first Air Force fighter with true supersonic performance.

BASS PRO SHOPS (OUTDOOR WORLD)

Located at Pine Chapel Road and I-64, Bass Pro Shops® Outdoor World® is much more than a hunting and fishing store, Bass Pro Shops also offers equipment for hiking, backpacking, camping, outdoor cooking and more. Shoppers will also find outdoor apparel for men, women and children, along with a fine selection of casual and athletic footwear. A gift and nature shop serves up a wide variety of outdoor-related items from lamps and dishes to bird feeders and furniture.

Unique exterior and interior motifs have branded Bass Pro Shops stores as Visually appealing, high quality outdoor stores. The outdoor feel is brought indoors through massive log and rock work, aquariums and water features, as well as an extensive collections of fish and wildlife exhibits all helping to maximize the experience of the outdoor enthusiast.

The new Bass Pro Shops® Outdoor World® in Hampton, Virginia offers some unique features characteristic of the great state of Virginia. A large atrium inside showcases an impressive 30' rock mountain climbing wall, fashioned to resemble a rock bluff from the Roanoke Valley. A cascading waterfall tumbles down into a 19,000-gallon aquarium stocked with striped bass, catfish and crappie. The aquarium will also be home to lunker largemouth bass. Trees plus other plants and wildlife native to Virginia can be seen on the rock ledges and crevices.

BEACHES AND FISHING

Buckroe Beach, located along Hampton's Chesapeake Bay shoreline, is a popular family beach. The beach officially opens Memorial Day weekend and closes Labor Day weekend. Lifeguards are on duty during the official season. Visitors are invited to enjoy the playground, in-water craft available for rent, guided beach explorer programs. Don't miss the evening entertainment on Tuesdays and Sundays during the summer season.

Grandview Nature Preserve and Beach, located off Beach Road, is ideal for wildlife observations, ecological studies and hiking. Grandview's 578 acres of marshland include a beach that

stretches for more than two miles. Educational tours and guided canoe/kayak excursions through the preserve are offered.

Charter fishing boats depart from Down Hampton Public Piers, the foot of King Street, Salt Ponds Marina and Wallace's Marina at Dandy Point for excursions on the Chesapeake Bay. Several head boats offer fishing excursions and charters year-round.

HAMPTON HISTORY MUSEUM

Opened in May 2003, the Hampton History Museum interprets Hampton's unique past spanning from its inhabitation by the Kecoughtan Indians to the 20th century and the city's role as the birthplace of American space program. The center's ten galleries spotlight events in the city's history including the arrival of Captain John Smith and the first settlers, the demise of Blackbeard the Pirate, and the emergence of Hampton's seafood industry, establishing the city as "Crabtown." A changing gallery on the second floor hosts visiting historic and pop culture exhibits. The museum also houses the Hampton Visitor Center.

MISS HAMPTON II HARBOR CRUISES

A double-decked tour boat, the Miss Hampton II carries passengers out to the Hampton Roads harbor and Chesapeake Bay. On this narrated tour, visitors will cruise past Blackbeard's Point, Hampton University, Old Point Comfort and the Norfolk Naval Base, where they'll get a look at the mighty ships and submarines berthed at the world's largest naval base. A highlight of the cruise is a stop at Fort Wool, where passengers disembark for a guided tour of this island fortification.

VIRGINIA AIR & SPACE CENTER

The official visitor center for NASA Langley Research facilities, the Virginia Air & Space Center and Hampton Roads History Center houses a spectacular collection of flight- and space-related artifacts, interactive exhibits, historical displays and a giant-screen, 3-D IMAX® Theater. Visitors can see a three-billion-year-old moon rock, collected during the Apollo 17 mission; the Apollo 12 Command Module that journeyed to the moon and back; and a replica of the Lunar Orbiter, which mapped the moon's surface for future landings.

In November 2003, the Center unveiled the Adventures in Flight gallery, a new 15,000 square foot, \$6.4 million expansion. Additional improvements were also made to the center, such as the upgrade of the IMAX® Theater to 3D capability, renovation of the Cosmic Café and a face lift to the Center's gift shop, for a total investment of \$8.9 million. The gallery was unveiled in time to celebrate the Centennial of Flight.

The new gallery highlights commercial, civil and military aviation while exploring the origins of flight. A section tells the Wright Brothers' story through a series of interactive exhibits such as a full-scale reproduction of the Wright Flyer, the Wright Brothers' Bicycle Shop, a wind tunnel exhibit and a Wing Warper component.

The gallery's Commercial and Civil Aviation area features a full-size DC-9 with flight simulator. Check out the Test Flight Pre-show Theater, Flying Lab simulator, Propulsion Mini-Theater and A Day in the Life of a Suitcase. The Air Traffic Control area displays a real-time electronic map of North America showing all aircraft in flight. The Air Power Over Hampton Roads allows adventurous minds to build airplanes and a B-24 motion simulator provides the first-person experience of a World War II bomber.

OFFICIAL NOMINATION FORM

Sponsored by

**Virginia High
School League**

&

**Virginia High School
Coaches Association**

Nominee _____ Number _____

GENERAL CRITERIA

Nominees must exemplify the highest standards of sportsmanship, ethical conduct, moral character, and carry the endorsement of their respective high school.

The categories of athlete, coach, and contributor are included on the nomination form for expediency in understanding the primary area in which an individual is to be considered for their achievements in interscholastic athletics and activities. The grouping is for screening purposes only and to assist those making the nominations in understanding the type of information required. Once nominees are inducted, they are not categorized, but all are recognized as members of the Virginia High School Hall of Fame.

To further explain, athletes would be former student participants who are being nominated for their achievements in interscholastic athletics. Coaches would be considered on the merits of their high school coaching achievements only. A contributor would be an individual who has made a contribution to interscholastic athletics or activities in some capacity other than those previously mentioned, including such areas as administration, sports, medicine, sports media, official, activities sponsor or participant, etc.

All candidates will be judged on their significant and/or long term contribution to interscholastic athletics and activities. While many have served their school and local programs over a long and distinguished career, their accomplishments must have been worthy of state recognition for them to be considered. Longevity, without meaningful state impact, does not constitute appropriate credentials for hall of fame consideration.

ELIGIBILITY REQUIREMENTS

- (a) Coaches being considered must be retired or deceased with at least 20 years service in Virginia at a member school(s) or have served 25 years at a member school(s) and still actively coaching. Persons nominated as a contributor to the VHSL must meet similar criteria for a comparable period of time. If the candidate is a coach, the candidate must be a member of the Virginia State High School Coaches Association
- (b) Athletes are eligible for nomination 5 years after their high school graduation. Their nomination initially will be placed in a Inactive Category; 10 years after their high graduation, they will be placed in the Active Category and brought before the Screening Committee for consideration in the Hall of Fame.

METHODS OF NOMINATION

- (a) Any VHSCA member in good standing or VHSL member school may nominate.
- (b) The nominating deadline is Oct. 31, in the year prior to the year of induction.
- (c) No individual may make more than one nomination per year.
- (d) Nominations for candidates not selected shall remain open for consideration each of the next two years but will no longer be considered thereafter unless a new renomination is submitted.

Tribute to Coach Bryant L. Stith

To see a student athlete compete in the Commonwealth of Virginia as a high school player, collegiate player and then move on to the professional level is a great honor; To top it off he came back to coach his former high school!

We would like to congratulate Bryant Stith for that wonderful feat. In his first year as coach Bryant L. Stith led Brunswick Senior High School to a 27-4 record and State Runner-up in AA. He is coaching in the all-star game on the East Boys basketball team.

Bryant is the all time leading scorer (2,221 points) and was the valedictorian at Brunswick High School in 1988. He was the 1989 ACC Rookie of the year, making all ACC first team three times and is UVA's all-time leading scorer (2,516).

In 1992 he was the thirteenth pick of the NBA Draft for the Denver Nuggets. A ten-year NBA career followed (eight years with Denver; two year Boston-Cleveland.)

The Virginia High School Coaches Association honors Bryant Stith. A VHSCA all-star player, U.V.A stand out, NBA star and now he returns as an all-star coach.

I'm sure his wife of thirteen years Barbara and his four children Brandon, Brederick, Bria, and Brooke (also known as the B Family or B Clan) are very proud!

Bryant, the VHSCA welcomes you back and thanks you for choosing to return home, and becoming part of our "Coaching Family".

Optimizing Hydration

DOUGLAS J. CASA, Ph.D., ATC, FACSM, is an associate professor and director of athletic training education at the University of Connecticut (Storrs, Conn.).

During the spring of 2000, the National Athletic Trainers' Association released a position statement titled "Fluid Replacement for Athletes."¹ This document provides extensive recommendations for all levels of athletics. Five key concepts of the position statement are highlighted below:

1) Educate athletes and fellow staff about the hydration process.

The perpetual struggle to keep athletes properly hydrated is much easier to accomplish when the athletes and staff are aware of the role that proper hydration plays in optimizing athletic performance and minimizing the incidence of heat illness. Also, all athletes should become active participants in their own hydration process and be educated about monitoring hydration status and encouraged to rehydrate based on individual needs.

2) Individualize the rehydration process.

This entails three important considerations.

- Athletes lose fluids via sweat and urine at different rates for many reasons and, thus, should replace fluids based on individual requirements. Encourage athletes to weigh in and out of practice to help determine their fluid needs.
- Athletes choose to drink different amounts and should be encouraged to monitor how much they drink to be sure that it matches the amount that is being lost.
- The confines of different sports and positions dictate how an athlete optimizes the rehydration process based on individual access to fluids.

3) Choose the optimal beverage.

Favor a sports drink over water, because electrolytes replace the sodium lost in sweat, carbohydrates fuel working muscles, and flavor encourages drinking. The sports drink should include a suitable amount of sodium (70 to 166 mg/8 oz) and carbohydrates (14 to 17g/8 oz).

4) Make sure that fluids are accessible and cooled.

Hydration is much more likely to be maintained if the fluids are conveniently located for the athletes to drink during practice and rest periods. Keep individual containers on ice in a cooler so that an athlete can access it during practice and increase fluid intake.

5) Recognize dehydration.

All coaches, athletes and medical staff need to recognize the common signs and symptoms associated with dehydration. They include:

- Noticeable thirst
- Muscle cramps
- Weakness
- Decreased performance
- Difficulty paying attention
- Headache
- Nausea
- Fatigue
- Lightheaded feeling or dizziness

2007 CLINIC

FEATURES OUTSTANDING SPEAKERS

This year's clinic will feature some outstanding clinicians. In football, NC State's new head coach **Tom O'Brien** will appear along with UT assistant **David Cutcliffe**. Cutcliffe tutored both Peyton and Eli Manning during their college careers. **Butch Davis**, the new man at UNC, is also scheduled to appear, but may not because he may be under going treatment for his recently diagnosed medical problem.

In basketball, we will have **Anthony Grant** who led VCU to a very successful season which included an upset of Duke in the NCAA tournament. Also, Seth Greenberg, who has led the resurgence of Virginia Tech basketball, is on the program. The always colorful Lefty Driesell will give us his insight into the game,

Joan Powell, president of the Professional Association of Volleyball Officials and very successful coach at Coronado HS in Colorado, will be our guest. Track boasts a variety of top high school and college coaches.

Steve Garland, who just completed a successful inaugural season at UVA, will be one of the wrestling clinicians. The other will be Jon Trengue, Lehigh assistant, who overcame serious retinal damage to his left eye to become an All-American wrestler.

We have many more top notch speakers as well as the all-star games, picnic, and banquet. The Hampton Roads Convention Center is a great venue. We hope that each of you will come to Hampton for the 2007 clinic.

I STATE CHAMPION RING AWARD

The VHSCA will present a ring to any active member head coach who has won two state championships in the same sport. Recipients need to submit the awards application form with ring size, stone, and verified two state championship years. There is no charge for the ring. Failure to attend and receive the ring at the VHSCA Banquet during the summer clinic will result in a \$25.00 charge unless the Awards Chairman is notified before July 1. A head coach can receive only one state championship ring. However, additional rings may be purchased.

II STATE CHAMPION PLAQUES

These plaques must be requested. There is no charge. Failure to attend and receive the plaque at the VHSCA Banquet during the summer clinic will result in a \$10.00 charge unless the Awards Chairman is notified before July 1.

*What constitutes a win?

1) For sports such as baseball, basketball, football soccer, softball, tennis, volleyball, and field hockey; all wins in regular season, district playoffs, regional playoffs, and state playoffs may be counted.

2) For sports such as cross country, golf, gymnastics, indoor track, swimming, outdoor track, and wrestling; the procedure is different. Team victories in dual, tri, and quad meets can be counted. For regular season invitational meets or tournaments involving five or more teams, district championships, regional championships, and state championships; only the first place team will have one victory or win. A second place team finish or lower will not count as a win for this award.

* All wins must be as a head coach of a specific varsity sport at a Virginia High School League Member School.

* Criteria established so it is possible to reach a new level in approximately six years.

* Boys and girls sports are considered separately. (example: If you coach boys and girls tennis, you are technically coaching **two** sports.)

* To be considered for the "Victory Milestone Award," a coach must be an active member or lifetime member of the VHSCA and must send a written request for the award to the VHSCA Awards Chairman. Certification of wins by your principal is required.

* Award will not be retroactive. (Example: If first request is after you have achieved Step 3, you will receive only the award for Step 3—Step 1 and Step 2 awards would not be given).

* Awards beginning with Step 4 will be presented annually at the VHSCA Banquet held during the summer clinic. Failure to attend and receive the award will result in a charge (\$10.00 for plaques or \$25.00 for rings, pendants, and trays) unless the Awards Chairman is notified before July 1.

3) For sports such as golf that has a season running tournament the entire season counts the number of wins and losses by the way they finish at the end (accumulation).

to Dr. William Harvey and Hampton University

We deeply appreciate your partnership with the VHSCA over the many years in providing a source for college credit in conjunction with our ANNUAL CLINIC. You make the All-Star games a reality through your generosity in housing and succulent meals prepared by your very capable and friendly support staff in the cafeteria.

Thank you,
Michael Smith
